

ROLLAND
ST30

Rolland ST30 is the environmentally responsible choice for commercial printing. It is ideal for printing dazzling and colourful visuals.

PAPER

- »»» Does not mark like a coated paper
- »»» Very smooth
- »»» Good foldability
- »»» Various sizes and basis weights, and a matching cover with the same shade and an incredible smoothness, but without surface treatment
- »»» Satin finish

PRINT QUALITY

- »»» Delivers bright and rich colors
- »»» Clear and sharp images
- »»» Requires less ink

ENVIRONMENTAL ATTRIBUTES

- »»» Contains FSC certified 30% post-consumer and 70% virgin fibre
- »»» Certified EcoLogo and FSC Mixed Sources
- »»» Manufactured using biogas energy

USES

- »»» Annual reports
- »»» Promotions
- »»» All documents with color and details
- »»» Excellent for lamination and self-stick paper
